I’m proud and pleased to report that the international organization I created many years ago, with it’s charter focusing on member benefits, activities to promote friendship and fraternity among Uechi practitioners plus codes of conduct and ethics that guide the member dojo, teachers and students, is in place to continue guiding our Uechi-ryu into the future.
The seniors appointed as the first Board of Advisors to the International Uechi-ryu Karate Federation (IUKF) has been in place since 1998. They are:

[Top row L-R]Dr. Paul Haydu, Chairman, David Berndt, Treasurer and Membership Director and Darin Yee, PR Directory.
[Bottom row L-R] Harry Skeffington, Henry Thom and Roy Bedard.
Note: One of the major projects being worked on is “The Way Museum”, which is scheduled to open in the near future near Orlando, Florida
